

State Climate Change Document Update Timelines (last updated 9-13-2013)

This chart and associated materials were developed by representatives of OPR, CalEPA, California Natural Resources Agency, and participation by other Climate Action Team participating organizations.

Work efforts represented are significant broad document/policy efforts that affect State, local and regional efforts on climate change. Chart does not include department or agency specific plans or education or outreach efforts.

Document/Process	9/12	10/12	11/12	12/12	1/13	2/13	3/13	4/13	5/13	6/13	7/13	8/13	9/13	10/13	11/13	12/13	1/14	2014
Environmental Goals and Policy Report																		
AB 32 Scoping Plan Update																		
Climate Adaptation Strategy Update																		
Climate Action Team (CAT) Climate Change Research Plan																		
Climate Change 3rd Assessment Report																		
Bioenergy Action Plan																		
Zero Emissions Vehicle (ZEV) Action Plan																		
Climate Adaptation Planning Guide																		
California Local Energy Assurance Planning (CaLEAP) Tool																		
Integrating Public Health into CAPs																		
DWR Climate Action Plan																		
Integrated Energy Policy Report																		
Zero Emissions Vehicle (ZEV) Readiness Guidebook																		
MPO Adaptation Guidance																		
Proposition 39 Investment Plan																		
Sea-Level Rise Guidance Revision																		
Electric Program Investment Charge Investment Plan																		
Cap and Trade Investment Plan																		
Geoportal Public Access																		
Climate Change Consortium for Specialty Crops Report																		
Extreme Heat Adaptation Guidance																		
SEEC GHG Inventory and Forecast Tools Update
